

Hours of Service Screen

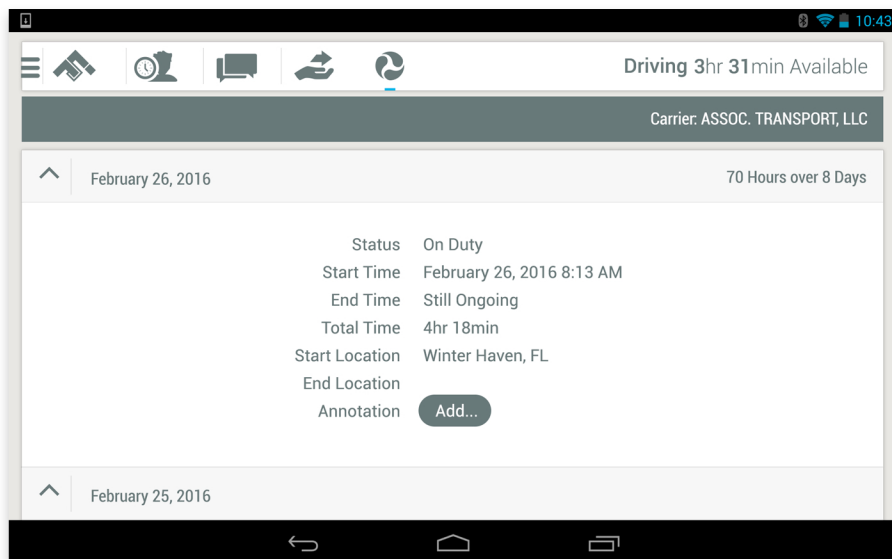

Auto Duty Status Change

If you have Auto Duty Status changing enabled, the app will automatically switch between **On Duty** and **Driving** based on vehicle movement. Note that you must first switch from **Off Duty** to **On Duty** manually. The app will not automatically switch from **Off Duty/Sleeper** to **On Duty/Driving**.

View Logs

To view your logs, press the **Shield Button**  on the right of your HOS screen. Here you will find your logs in reverse chronological order, along with the option to add or edit annotations.

Annotations

Field Warrior will prompt you to add an annotation every time you choose a new **Duty Status** manually. If **Auto Duty Status Changing** is enabled, you will not be prompted to add an annotation when the change occurs. To add an annotation after the fact, navigate to the **View Logs** screen, and press **Add Annotation**.

Shipments

Press the **Shipment Button**  on the right of your HOS screen to navigate to the Shipments screen. Here you will find the details of your shipment records and the option to add a new record. To add a new record, press the **Plus Button**  on the top-right, enter your shipment details, and save.

Log Verification & Logout

To verify your logs, tap the **FTS Menu button**  and select **Verify Your Logs**. Here you can verify each log individually or all logs at once.

To logout, tap the **FTS menu button**  and select **Logout**. Upon logout, you will be prompted to verify any unverified logs.
